client.

GBGC's central report is the market-leading Global Gambling Report, which GBGC has been compiling for more than a decade. The Global Gambling Report contains information about gambling activities in more than 250 jurisdictions. Each jurisdiction has its own separate report and contains data, operator news, and tax and regulatory information for each gambling activity.

GBGC's most popular service is the Gambling Report Subscription which gives customers a year's access to all of GBGC's reports, including updates. The Gambling Report Subscription enables our customers to make a saving on the cost of purchasing certain reports individually. Gambling Statistics  
With more than a decade spent focusing solely on the gambling market, GBGC has been able to compile comprehensive databases with historical sequences for gambling revenues in the world's key markets.

GBGC collects gambling data relevant to the different sectors of the gambling industry and our numbers are consistently updated to serve the gambling data needs of operators, investors, and regulators.

GBGC's data has been used by gambling operators (bookmakers, casinos, gambling software providers), private investors, research organisations and financial institutions. GBGC's statistics are also regularly used by broadcasters and newspapers when reporting on gambling stories.

GBGC compiles several databases as part of its gambling reports. These include:

#### GBGC Key Markets Database

This database covers the land-based sector and extends to 50,000 data points. It has data for 130+ jurisdictions and incorporates 86% of global gambling revenues.

The data can be sold separately or as part of the Global Gambling Report. The benefit of the report is that it gives the complete story behind the data which is essential in making judgements about marketing, investment, and

#### development. The GBGC Interactive Gambling Database

The interactive database covers more than 50 individual markets around the world, with product information for: betting, casino, poker, and bingo. There is also data on mobile gambling and live (in-running) betting. GBGC Consultancy

GBGC has been helping companies in the gambling industry for more than 15 years.

At the core of GBGC's consultancy work are feasibility studies and projects to help clients assess the best course of action for their gambling business. Over the years

GBGC has helped its clients answer questions such as:
