Our company prides itself on our extensive inventory of premium-quality personal protective equipment (PPE), uniforms/workwear, janitorial supplies, and site safety supplies. With over £1 million worth of stock, we ensure that our customers have access to everything they need from head to toe. Furthermore, we understand the importance of customisation, so we have our in-house logo facility equipped with state-of-the-art equipment. Our facility boasts an impressive lineup of 44 embroidery heads, five compression heat seal logo presses, and a cutting-edge printer to produce heat seal logos. This allows us to provide personalised branding solutions tailored to our customer's requirements.
